Dear Mom, I received several letters from home today. I received one from Betty Abraham (remember, you received words from her). Her husband was bombardier on my crew. He's afraid I'll find it hard ^{to} answer her letter, as he was killed the day I was shot down.

I received the photos of the picnic. He really got a kick out of them. A few of the guys appeared well "under". Ruth, the dark hair girl, was considered the best looking - second to the quart she is holding! The picture with the "leg art" was good. He thought the big blonde had the best "pins". But who are we to judge leg beauty after being a "knee" (prisoner to you) for sixteen months. As a matter of fact, a wooden leg on Alice the Goon would look good to me. Photos really raise my morale though. There

is a kid here from Naville Island, who knows Nora and all the Cry kids. He tells me Babe is engaged! I guess I drew the wrong color on that four card flush! Oh well, that gives me an extra letter per month to write. Hope everyone is well. See you soon! Love Micky
